

## April 2021 newsletter.

Hello

The Figaro Chapter Groups are an initiative to provide an outlet for you to help get involved with the ideas for localised meets and events. After the uncertainty of the last 12 months, and the lack of events in any region, with your help we can make 2021 a much welcome year for Figgy waving fun convoys, local events and more!

**All your ideas and suggestions for events, drive-outs, breakfast meets, or lunch get-togethers and any other ideas are all very much welcome! We don't have a dedicated Events organiser for the region so look forward to receiving some ideas.**

**Events suggestions received can be created as an official event on the Figaro Owners Club website, so do keep your ideas rolling in...by email or FB.**

### Figaro Big Birthday event.

There are now over 275 cars attending! See more here:

<https://www.figarownersclub.com/events/nissan-figaro-30th-birthday-party-weekend>

**On the following pages are a few listings of local events I have received from car show organisers but please do add more to the FB Chapter page of ones in your own area.**

## From Ken in the Scotland Chapter

Hi Everyone,

I do hope you don't mind me 'hijacking' your local Figaro Owners Club Chapter network (I did ask nicely first!) I coordinate the Scotland Chapter for the Club and have also taken the lead at CarFest North for the last few years.

None of us need reminding how difficult the last year has been and Figaro Events have probably been well behind our own, and the wider public's, health as a priority. However, I have been aware of many members being keen to get back 'on the road' and getting to some events to show off their Figaros as the pandemic, and government guidance, allows.

The Club have expressed interest in attending three CarFest Events this year -:

**CarFest North from 23rd to 25th July 2021, at Bolesworth Castle Estate.**

**Retro CarFest from 13th to 15th August, at Bicester Heritage, Bicester.**

**CarFest South from 27th to 29th August, at Laverstoke Park Farm, near Basingstoke.**

We have been assured by the organisers these events will be going ahead, will be 'Covid Safe', and operated in accordance with the Government Guidance in place at the time.

It is expected that we will be asked to confirm our involvement soon and whilst we have only a couple of spaces left for CarFest North, we do need a few more members to sign up for 'Retro' and 'South' (probably between 6 and 8 cars). Otherwise we may need to pull out of these two events.

I will be going to CarFest North and Retro CarFest, but we may need some help with coordinating stuff for South.

**If you would like more info on what it's all about please don't hesitate to get in touch with me on [ken.graham@talk21.com](mailto:ken.graham@talk21.com) or the mobile number below. I have also attached some info about the Music, D.J. and Chef line-ups for each event .**

In the meantime, keep safe and healthy and hopefully we may meet up at a Figaro event in the future.

Kind regards,

Ken

## New website & 2021 Calendar Launch

Hello all,

The day has finally come...

Our new website (and logo) have been launched!

[www.classicmotorevents.com](http://www.classicmotorevents.com)

We still have a couple of dates to confirm, and one show has had to be postponed until next year, but we are also thrilled to be able to share our 2021 calendar with you all. You can find the calendar, and other information, on our website.

**As with everything in life at the moment, there is still some uncertainty around the virus and, specifically, restrictions easing - we are planning to go ahead with all the shows in our calendar this year, but that is obviously on the basis of what we know now. If anything changes, we will keep you updated.**

As we have said previously, all paid passes will be honoured for our 2021 shows (regardless of whether you received your pass or not). Anyone who paid for a show (or shows) in 2020 can email us at team@classicmotorevents.com and we will issue you with a code for a free pass for this year. All club, private exhibitor and trade bookings will be made via our website and tickets/passes will be electronic. Any problems with booking just let us know, using the email address above. Most importantly, we hope you are all staying safe and well - we can't wait to get started with the season and very much look forward to meeting you soon!

**Anke & Rishi Classic Motor Events Ltd (formerly Gemini Events)**

## Colmworth Car Show Beds “Cars and Bikes with Character”

**Sadly no events last year, and 2021 is looking a very limited car show season for the organisers. Info tba in due course.**

## Tewin Car Show Hertfordshire

Hello to all our Classic enthusiasts

It has been a long time since we have been together and we hope that you have stayed safe and well and that you are eager to get your beautiful Classics back on show again this year.

As regular supporter of the Tewin Classic Car and Craft Show, you will know that we would usually have launched by now so this is just a quick line to advise you that we are still **hoping to hold the show on 22nd August** but, at the moment, we are waiting to ensure that this current relaxation of restrictions goes well and we can progress to the next stage on 17th May. If this happens on time we will then feel confident to launch the show and entry forms etc will be sent to you at that time. We hope that you will have the date in your diary and that you will be with us again in August.

# Just a few of the Local Car shows in the East Anglia Region. Book direct with organisers.

### **St Albans Steam and Country Show'**

**Date: 05 June 2021-06 June 2021**

Times: 10:00 to 5pm

Car Information

The annual rally is now a well established event in the summer calendar of outside events, and will follow on from the success of previous events on this site. Over 30 full size steam engines will be presented in all their glory, in addition to old farm tractors, classic cars and lorries plus other bygones from our rich industrial and agricultural heritage. This event makes an enjoyable but affordable day out for both the family and enthusiast. For youngsters these steaming monsters provide both entertainment and education, a total contrast with the high-tec era we now live in. However, some of the older generation will remember steam rollers at work, while before the last world war steam wagons regularly pounded through St. Albans carrying long distance loads.
