

Visitor COVID-19 Safety Procedures

Hello,

We hope you're looking forward to attending the Nissan Figaro 30th Birthday Party Weekend 2021.

In line with current Government guidelines we ask that you read through the following COVID-19 safety measures that we have put on place to ensure that everyone stays safe during the event.

- Everyone must follow the Public Health England (PHE) Guidance and Government restrictions. Those who do not follow the guidance may be asked to leave the event.
- Think Hands, Face, Space.
- Anyone exhibiting symptoms must not attend the event.
- Anyone in a household where someone is displaying symptoms must not attend the event until you have received the result of a negative coronavirus test.
- Everyone must observe and follow all instructions from authorities in the event of new local restrictions / localised lockdowns.
- Facemask should be worn in all indoor settings except for when eating or drinking.
- 2m social distancing should be maintained wherever possible, even outside. Where 2 meters social distancing cannot be maintained we advise wearing a facemask.
- Everyone should undertake increased handwashing for 20 seconds with soap and water or hand sanitiser after blowing nose, sneezing, coughing and when starting a new activity or before & after eating. Handwashing facilities will be signposted, and hand sanitising stations will be placed around the field for your use.
- We are encouraging all of our exhibitors to operate a card-payments only system to reduce cash handling.

If you have any questions or concerns, please get in touch with us.

All the best,

Kevin and Sue Fagan
